

ALASKA'S BOUNDARY

Dispute Between Canada and the United States.

RADICAL MEASURES NECESSARY.

The Dominion Government About to Assume Control With Mounted Police Over the Whole Line, American Mines and All—Congress Must Act, and Act Quickly in This Matter.

NEW YORK, Oct. 29.—A special to The World from Washington says: The Alaskan boundary line question will be forced to a speedy termination by the action of Canada, if not by some diplomatic move on the part of Secretary of State Olney. It is announced that the Dominion government intends to direct the mounted police to assume control of the whole frontier along the Canadian boundary of Alaska, with power to collect customs duties and to hold court-martials to try criminal cases.

The American and Canadian boundary lines are in conflict as to 7.3 miles of territory along the Yukon river on the east and west line. The disputed territory embraces the mouth of Forty Mile creek, to which access is had to the valuable placer mines at the head of that stream. The Canadian police, in carrying out their instructions, will doubtless assume jurisdiction up to the lines of the Canadian survey, and several thousand American miners who will be in that region shortly will be subject to their authority.

Secretary Olney, it is thought, in view of the more or less serious character of the situation, will make some effort to bring up the dispute at the Behring sea convention next week.

In case of trouble along the frontier in the Yukon mining region the United States district attorney at Sitka has the authority to employ deputy marshals to preserve law and order, but it would take several months for the news of the disturbance to reach him at Sitka and for his orders to be carried into effect. Officials of the department of justice say that he would not have the power to place men along the line for police duty or for any other purpose except on special occasions, such as a riot. If this be the case prompt action by congress this winter will be necessary to remedy the difficulties, and it is understood that a bill will be introduced to provide Alaska with a more perfect form of government.

STRUCK BY A TRAIN.

One Man Fatally Hurt and Another Seriously Injured.

HARTFORD CITY, Ind., Oct. 29.—One of Dowell's dairy wagons was struck at the Jefferson-street crossing of the Pan-handle yesterday.

John Scott had his head crushed and will die.

Roy Henderson, who was in the wagon, was seriously injured on the head and one of his wrists was broken.

A horse was killed instantly, and the other died later.

A city ordinance prohibits the blowing of engine whistles, and owing to a high wind the driver of the wagon did not hear the bell. The engineer says he did not see the wagon until he struck it.

Fishing Tug Probably Lost.

CLEVELAND, Oct. 29.—Grave fears are entertained for the safety of the fishing tug Florence M., which put out from Lorain during the gale yesterday morning. After she left the port nothing was seen or heard of her at Lorain, and it was thought she had foundered. Captain Murphy was in charge. The crew was made up of five men, including Engineer Montgomery. All are residents of Cleveland. The tug put out to lift the nets of the L. A. Ramsey Fish company of this city. A furious gale has raged on the lake since Sunday night.

Affairs in Corea.

ST. PETERSBURG, Oct. 29.—According to a despatch from Seoul to the Novoe Vremya, the King of Corea has chosen another queen and has assumed the title of emperor. It is also stated that the heir apparent is being sent as an envoy to America and England, with the object of getting him out of the country and preparing the way to the throne for a prince who stands in higher favor.

A Little Chilly.

ST. PAUL, Oct. 29.—Reports from points in Minnesota and the Dakotas indicate a considerable fall of snow and a big drop in the temperature. It is very cold in Montana and Manitoba, the temperature ranging from 16 degrees at Wiliston to 4 at Qu'Appelle. No rise in the temperature is expected in the next 48 hours.

Talk of Lynching.

PERRY, O. T., Oct. 29.—Jim Greyson, Lee Potson, Jim Stephenson and Bill Betty were arrested for the murder of J. W. Swilling, a laborer in the Seminole Indian county, some days ago. Greyson has just confessed. Considerable excitement prevails and there is some talk of lynching.

Driver Fatally Hurt.

DAYTON, O., Oct. 29.—Henry Croninberger, driver for Graves & Son, wholesale liquor dealers, was thrown from his wagon at Lorain street railroad crossing by his frightened team at 10:10 a.m. yesterday. He lies in St. Elizabeth's hospital fatally injured about the head and neck.

Fire in the Corn Fields.

HARDIN, Mo., Oct. 29.—A fierce fire is raging in the corn fields and grass about two miles east of here. The section is principally covered with prairie grass, which is cut for hay. So far no houses have been burned.

PREVENTING THE FIGHT.

Corbett and Fitzsimmons Can Not Meet in Arkansas.

LITTLE ROCK, Oct. 29.—Matters pugilistic took a sensational turn yesterday when Attorney General Kinsworthy filed information in the second division of the Pulaski county circuit court asking for a warrant for the arrest of Robert Fitzsimmons and Martin Julian. It develops that while arrangements have been proceeding quietly at Hot Springs for a fight to a finish between Corbett and Fitzsimmons to take place despite the supreme court's decision, Governor Clarke has had a detective or confidential agent at Hot Springs all the time, and has kept thoroughly posted on every move made by the promoters of the fight.

Sunday night this detective advised the governor that arrangement had been completed to bring the fight off and as a result of this information Attorney General Kinsworthy, acting under instructions from Governor Clarke, at 9 o'clock, yesterday morning, applied to Judge James W. Martin for the warrants for Fitzsimmons and Julian, which were issued and placed in the hands of Sheriff Booker, Deputy Sheriff Heard was given charge of the matter and at once started for Texarkana, where Fitzsimmons and Julian are expected to enter the state. Instead of going to Hot Springs the deputy sheriff will bring Fitzsimmons and his manager to Little Rock.

"I have never wavered in my determination to stop that fight," said the governor to a reporter. "Corbett and Fitzsimmons will never meet in Arkansas. Just as soon as Fitzsimmons enters he will be arrested and brought before Judge Martin in this city."

The governor also said that in the event of Fitzsimmons' arrest Corbett would be removed to some convenient county free from local influences.

Attorney General Kinsworthy has gone to Hot Springs. Just before leaving Governor Clarke instructed him to tell Judge Duffy not to be alarmed, but to stop the fight under any circumstances.

Frank Flynn, a well known sporting man of Hot Springs, who is in this city, gives out the information that the fight will certainly occur at Hot Springs on Oct. 31, at Whittington park.

Says the Fight Will Come Off.

CHICAGO, Oct. 29.—Private telegrams were received in this city yesterday evening from both Brady and Julian, saying that the fight will positively come off on Thursday. Brady says it will be in private for a side bet of \$5,000 or \$10,000 and that Fitzsimmons will put up his money as soon as he reaches Hot Springs. Julian says: "The fight will positively come off in private in Hot Springs on Thursday."

ONLY A RAVINE FIRE.

Smoke in the Olympic Mountains Not From a Volcano.

PORT TOWNSEND, Wash., Oct. 29.—The exploring party which went into the Olympic mountains seeking evidences of alleged volcanic fires has returned after an unsuccessful trip. They reached the summit of the first range and ascertained that the smoke and flames emanated from a deep ravine leading down from the mountain peak and which was filled with dead timber. In the same ravine is a lead of lignite coal, which was ignited, and as the fire followed up the vein, caving boulders falling earth caused the flames to ascend similar to volcanic fires. In the last few days the flames almost subsided, though vast volumes of smoke continue to roll upward. After convincing themselves of the cause and origin of the fires they hurriedly returned to Port Townsend.

Head-On Collision.

EASTON, Pa., Oct. 29.—A head-on collision betwixt two fast freight trains caused a serious wreck on the Lehigh railway at South Easton last night. One engine crashed into a wall on one side of the track and Henry Cogler, brakeman, South Bethlehem, who was riding between the engine and tank, was caught in the wreck and had both legs crushed so badly that he died at the city hospital an hour afterward. The accident was caused by a misplaced switch. William Fegley, the switchman, has disappeared. Traffic was delayed several hours.

Other Arrests Will Be Made.

GRAND RAPIDS, Oct. 29.—Officers from Kent and Allegan counties are just back from an investigation into the Allegan train robbery and the subsequent shooting of Detective Powers. It has developed that Smalley, the supposed slayer of Powers, who was later shot dead by officers while resisting arrest, really had no part in either the robbery or the shooting, although he is supposed to have been in the plot. According to the officers other arrests will shortly be made.

Indian Policeman Killed.

WASHINGTON, Oct. 29.—George S. Doane, agent at Quappaw, I. T., has informed the Indian office that a native policeman was killed on the reservation when attempting to remove Hugh and Emma Heegres from the allotment of land belonging to the Cordin children. The killing was done by Amos Valiera, a Quappaw Indian. It is stated at the Indian office that the courts of the territory will have to prosecute the man who did the shooting.

NEW YORK, Oct. 29.—A World dispatch from Kingston, Jamaica, says: There is a formidable revolution on the Island of San Domingo. The army is said to be disaffected and to a considerable extent in sympathy with the rebellion. A heavy battle is reported to have been fought at Banica, near the frontier of Hayti. The government troops defeated the rebels, who fled over the border into Hayti.

HOLMES' TRIAL BEGUN

Sensational Developments Mark the First Day.

DESERTED BY HIS ATTORNEYS.

The Prisoner Refuses To Accept Other Counsel and Will Plead His Own Case. A Jury Secured, But No Evidence Taken—District Attorney's Opening Address To the Jury.

PHILADELPHIA, Oct. 29.—H. H. Holmes, or Herman Mridgett, which he says is his baptismal name, was put on trial in the court of oyer and terminer yesterday for the murder of Benjamin F. Pietzel, in this city, on Sept. 2, 1894, and the developments of the first day verified, better, perhaps than before, the force of the maxim that truth is stranger than fiction.

Long before 10 o'clock, the hour set for the opening of court, an eager crowd thronged the corridors without. The regulations were soon complete, however, that none but lawyers, witnesses, jurors and newspaper representatives were permitted to pass the cordon of police which formed a barrier across the entrance to the particular corridor, leading to the courtroom, and the force of court officers, who guarded every entrance to the room. This prevented undue crowding, although every seat in the big room was occupied. The general public will be admitted to the capacity of the gallery, which will seat about 500, when the taking of the testimony is begun.

The day's proceedings began when Messrs. Shoemaker and Rotun moved for a 60 days' continuance on the ground of lately discovered evidence. This was promptly refused, as was also their motion for a continuance for one day. Finding the judge inexorable, they, as a last resort, declared that they would withdraw from the case. Judge Arnold notified them that if they did so they would lay themselves open to disbarment. Thereupon Holmes declared from the dock that under the circumstances he would not permit them to defend him. He therefore dismissed them from his service, and the lawyers left the room, in spite of the court's threats.

Judge Arnold then appointed E. M. Schofield and J. M. Fahy to assume charge of the defense, but again Holmes interposed. He declared that he would not place his life in the hands of two young men who knew the case only by hearsay, and eventually when his personal entreaties for a postponement were refused, he declared that he would himself try the case. Meanwhile he expressed a desire to secure the services of Attorney R. O. Moon, but that gentleman, after learning from the judge that he could not obtain a continuance, declined to accept the grave responsibility.

The selection of a jury consumed several hours, Holmes freely exercising his prerogative of challenge, and after 12 men had been secured, a recess was taken.

The afternoon session was devoted largely to District Attorney Graham's opening address to the jury, in which he outlined the case in detail and subjected the prisoner to a searching examination. Holmes, however, was imperturbable and sat with his legs crossed, calmly taking notes.

At the conclusion of the address, Holmes accused Mr. Graham of trying to keep his wife from him, and of having intercepted letters which he had written her. The woman, he meant, he said, was "she whom the district attorney saw fit to designate as Miss Yoke."

He was granted permission to have light and writing material in his cell to aid him in the preparation of his defense, and to write to the woman.

INSURANCE BY THE STATE.

Germany's Law About to Be Adopted by Other Nations.

WASHINGTON, Oct. 29.—United States Consul Germain at Zurich, Switzerland, has supplied the state department with an interesting report upon the operation of Germany's law for the insurance of laborers against sickness, accident and old age, which has now been in operation for 10 years. It appears that there has been paid on account of this insurance from the time the law went into effect \$437,500,000, the government, the employers and the employees sharing the expense.

Mr. Germain mentions the fact that German industrialists complain of the heavy tax involved in the payment of the insurance, but the report indicates that the nation is as a whole proud of the institution. The Germans are the pioneers in this class of insurance, but Austria has partially followed suit and Switzerland is now engaged in formulating a labor insurance law. Mr. Germain says that Sweden and Norway and Great Britain also contemplate the adoption of the German system.

A Contractor Suicides.

ZANESVILLE, O., Oct. 29.—Alonzo G. Pletscher, a well known contractor, stood in front of a mirror at his home, on Amelia street, yesterday, and deliberately shot himself, the bullet from the revolver entering the skull just behind the ear. He had been unfortunate in a business venture in Columbus and in this city and had been suffering from melancholia for some time. He was 46 years old and a wife and two children survive him.

BOISE CITY, Oct. 29.—Advices from the north are that the miners' union did not carry out the threat to remove non-union men from the Hunter mine at Mullen. Nothing has been done by the authorities of the state further than to proceed with the organization of a militia company at Mullen.

FRENCH MINISTRY RESIGNS.

South of France Railroad Scandals Create a Crisis.

PARIS, Oct. 29.—In the chamber of deputies M. Rouanet, who has been prominent in exposing those who were connected with the Panama canal and Southern railroad syndicates, questioned the government regarding the South of France railroad scandal, it being alleged that a number of senators, deputies and others, have made large profits out of the company by fair or unfair means. He declared that the good repute of parliament was involved and asked for explanations as to the partiality which had been shown toward those involved in the scandals, claiming that the authorities had been afraid to prosecute them because the deputies and senators involved with the late Baron Reinach, of Panama canal fame, had disposed of 8,850,000 francs in devious ways and on behalf of the Southern railways he demanded that the minister of justice, M. Trarieux, publish the documents in the case which were in his possession and which would thoroughly enlighten on the subject.

M. Binder, a member of the Right, then charged the minister of justice with culpable leniency, and demanded that the guilty parties be punished.

M. Trarieux denied that he had long had in his possession documents which desired the arrest of M. Edmond Magner, formerly senator of the Var and recently editor-in-chief of The Evénement, who was recently sentenced to a term of imprisonment for having received part of the profits of the syndicate. Continuing, the minister of justice said, that whenever the government believed it had incriminating evidence it had prosecuted the parties involved. Continuing, he said:

"The chamber knows the truth and if parliament considers its dignity and honor compromised, the government will join the chamber in voting for representative measures, and in the face of these explanations asks the chamber for a vote of confidence."

The order of the day, pure and simple, was then submitted to the chamber and rejected by a vote of 406 to 105.

M. Halberts then moved that the chamber agree to prohibit members of parliament from joining in financial syndicates. The motion was accepted by the premier, M. Ribot, and was adopted unanimously.

Later, M. Rouanet submitted a motion demanding that full light be thrown upon the South of France railroad scandals, asking the government to prosecute all those who have been found to be implicated in them, and submit to the chamber the report of the expert who inquired into the finances of the company.

M. Ribot thereupon said it was needless to submit the expert's report, and as to the prosecutions, he added, the work of justice had been accomplished and could not be reopened.

M. Rouanet's motion asking for an explanation as to the partiality which had been shown toward those involved in the scandals, claiming that the authorities had been afraid to prosecute them, and demanding that the minister of justice publish the documents in the case which were in his possession, was then adopted by a vote of 275 to 196.

After the adoption of this motion, the ministers left the chamber of deputies in a body, amid ironical radical cheers, and went to the Elysée palace, where they handed in their resignations to President Faure.

The chamber of deputies was adjourned for a week.

ACRES OF FLAME.

Fast Damage and Lives Lost By Fire in Northern Indiana.

CROWN POINT, Ind., Oct. 29.—Should no rain fall in the next 24 hours and the high winds continue the southern portion of Porter county and part of Jasper, consisting of nearly 50,000 acres, will be a heap of ashes. Near Kottz three lives are reported lost, and one man, Jonah Holo, was fatally burned. The names of the dead are unknown. Already 12,000 acres have been burned over and the fire is spreading rapidly.

People living at Baum's bridge, four miles from the flames, are preparing to move. Thousands of tons of hay were consumed last night and this morning, and \$150,000 worth of fatted cattle owned by Nelson Morris of Chicago are in great danger. The herd of 2,700 is now being driven south. Bridges over the river near Sandy Hook were burned like paper. No estimate of the damage can be made, but it will reach easily \$50,000 to \$75,000, if not much more.

Five miles east of Kottz another fire is raging, but not of so much importance. Farmers for 10 miles around are forming parties to protect their homes. The fire was started by sparks from an engine.

Cost of the Nicaragua Canal.

LONDON, Oct. 29.—The Times this morning has a three-column article on the Nicaragua canal from a correspondent lately there, who says that it is clear the project can not be carried through as a private undertaking, but that it must be under the auspices of some strong government, which without doubt must be the United States. He is convinced that the cost will be nearer \$30,000,000 (\$150,000,000) than \$20,000,000 (\$100,000,000). It is useless to suppose, he adds, that the Gnl states or Central America will be able to supply the necessary labor. The true source of labor, he thinks, will undoubtedly be the West Indies, negro labor being far superior to the Chinese.

Killed in a Runaway Accident.

QUEENSVILLE, Ind., Oct. 29.—Dr. J. F. Shepherd was driving in a single buggy Saturday evening, near here, when his horse took fright and ran away, throwing him out and breaking his back. He died yesterday morning.

STILL MORE HORRIBLE

Merciless Massacre By the Turks in Balbut.

ONE HUNDRED AND FIFTY KILLED

Five Hundred Mussulmans Attack an Armenian Village. The Inhabitants Shot Down As They Fleed—The Women Subjected to Horrible Indignities. Officials Do Nothing To Punish the Murderers.

CONSTANTINOPLE, Oct. 29.—Another terrible massacre of Armenians, accompanied by the outraging of women, is reported to have occurred quite recently in the Balbut district between Erzeroum and Trebizond. According to the news received here, a mob of about 500 Mussulmans and Lazes, the greater majority of whom were armed with Martini-Henry rifles, made an attack upon the Armenians inhabiting several villages of that vicinity and set fire to their houses and schools.

As the Armenians fled in terror from their dwellings they were shot down as they ran and a number of men and women who were captured by the rioters, it is added, were fastened to stakes and burned alive. The Armenian women who fell into the hands of the mob, it is also asserted, were outraged and brutally mutilated. It is also stated that the churches were desecrated and the villages pillaged, the cattle and all the portable property of any value belonging to the Armenians being carried off by the marauders.

During the disturbance 150 Armenians are reported to have been killed. The surviving villagers applied to the governor of Balbut for protection, who, after hearing their complaint, sent three policemen to the scene of the massacre, after the slaughter was ended.

The Turkish officials, it is claimed, know the ringleaders of the outbreak, but apparently no steps have been taken to arrest them.

The number of Armenians massacred at Erzingjan now is said to be several hundred.

The Turks, it is stated, have also attacked the Armenians in the district of Gummushagh, near Trebizond, and have slaughtered many of them.

MYSTERIOUS POISONING.

Twenty Guests of the Adelpia Hotel in Huntington, W. Va., Made Ill.

HUNTINGTON, Oct. 29.—About 20 guests of the Adelpia hotel took sick between 8 and 11 o'clock Sunday night and a number of them are still in a critical condition. The physicians in the city were called in and it was pronounced a case of poisoning. Those expected to die are:

J. P. W. Bowers of Wheeling, traveling salesman, very ill.

J. M. Baker, traveling salesman, New York.

Harry Ranney of Huntington, dangerously ill.

Mrs. Ranney, wife of the above; will probably die.

R. W. Sterling, proprietor of the hotel.

Miss Mary Sterling, daughter.

Homer Smith, Point Pleasant, unconscious; case considered hopeless.

Many others are sick, but not seriously.

The cause of the poisoning is unknown. The hotel, which is one of the leading hostleries in the city, resembles a hospital, and is being visited by hundreds of people. The relatives of sick guests have been notified.

PEACE REIGNS.

It Is Believed That There Will Be No Further Rioting at Tiffin.

TIFFIN, O., Oct. 29.—The indications now point to a speedy termination of the trouble caused by the riot Sunday morning. A conference of the civil and military authorities has just been held and it has been decided to withdraw the militia tomorrow morning.

Further trouble has been anticipated after the funerals of the victims, Mutchler and Matz, but it is thought this can be prevented by having private funerals. The Rev. Father Paetz wired Bishop Hartsman, at Cleveland, asking for a dispensation to that end in the case of Mutchler and the request will doubtless be granted.

SOUND ADVICE TO DEMOCRATS.

To me it is quite clear that the sound money men should keep in touch with all the members of the Democratic party. By doing so we may bring the united Democracy of the State to the support of a sound money candidate for the Presidency in 1896. It would be fatal to the cause in Kentucky to array the Democratic people in two hostile factions. The path of safety lies in keeping together and in electing our State ticket. When that is done we can take up the work of preparing for the national campaign of 1896, and can then work together through a compact Democratic organization."—Senator Lindsay.

The Discovery Saved His Life.

Mr. G. Caillonette, druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." A free trial at J. James Wood's drug store.

BRADLEY'S PULL.

Charged With Prostituting His Political Influence For Money.

The Republican Nominee Has Been Making Good Use of His Position as Boss.

(Elizabethtown News.)

During President Harrison's administration W. O. Bradley, who had more influence with him than any other Republican in the State, turned it to a financial benefit in a way that will bring the blush of shame to the face of every decent Republican in the State.

We have reliable information that for the sum of \$1,000 he secured the pardon of Hugh Mulholland, under sentence to the penitentiary for stealing, claiming that Mulholland's conviction was obtained by political influences and that his services were needed in Republican campaigns. Mr. Mahlon Taylor, a reputable citizen of Louisville, makes the statement over his own signature as follows:

The undersigned Mahlon R. Taylor states that after the conviction of Hugh Mulholland, for an offense committed while Postmaster at Paducah, his father, James Mulholland, in his presence applied to two reputable lawyers to go to Washington and make application to the President for a pardon for his son. Both of these attorneys refused, on the ground that the reasons which were suggested for obtaining a pardon viz: that the prosecution and conviction of said Mulholland was for political purposes and that Mulholland's influence was needed in Republican campaigns, were not justified by the facts and that they could not accept a fee for using their influence to secure the pardon; that afterwards, W. O. Bradley, the present candidate for Governor, was sent for and agreed to go to Washington and procure the pardon, for the sum of \$1,000, \$300 to be paid in advance and \$800 upon the procurement of the pardon; that the \$300 were paid to him, a certified check was deposited to pay the \$300 and Mr. Bradley went to Washington and procured the pardon and collected the \$800; that the names of the attorneys who were first applied to, the name of the person who drew the check for \$800 and names of all the parties can be given if necessary, but are withheld and will not be used unless the statements herein are disputed.

He further states that since the beginning of the present campaign that Hugh Mulholland told him that Mr. Bradley had written him to see the undersigned and hush the matter up and afterwards sent to said Mulholland a prepared affidavit denying the facts and requested him to sign and verify same; that he Mulholland refused to make said affidavit, that Mulholland further told him that Mr. Bradley had offered to give up to him Mulholland a note for a sum, which the undersigned understood to be for \$150, if he would return the affidavit signed and verified.

MAHLON R. TAYLOR.

Mr. Taylor is a native of Breckinridge County and is a member of a most excellent family. He served in the Confederate army and was a member of the famous First Kentucky Cavalry of which Gen. Ben Hardin Helm was the Commander. He is closely related to the well-known Shacklette family of Meade and Breckinridge Counties, and a nephew of J. D. Shacklett of this city.

In connection with the above charge, the Louisville Times charges Bradley with having used his influence as a political boss with the Republican members of the Legislature in the Capital removal fight during the last session, and the Times published a fac-simile copy of a receipt showing that Bradley was paid for his work by Frankfort citizens. Bradley's friends admit that the Times' statement is true but try to excuse him by saying the work was legitimate. Their admission places the Republican nominee for Governor in the unenviable light of a paid lobbyist;—in other words of having turned his political influence as Republican boss into profit.

Concerning the charge growing out of the Mulholland case, the Louisville Commercial, Bradley's organ, admits he was paid \$400 and was given a note for \$200, but it was just to pay "expenses." Bradley's "expenses" must have been rather heavy. Do the people of Kentucky want a man of that character for their Chief Executive?

Disgusted With Bradley.

Courier Journal: "John H. Wilson, one of the leading Republicans of the Eleventh district, is in the city attending United States Court. Mr. Wilson expressed considerable disgust at Mr. Bradley's stand on the financial question, and intimated that it was taken solely for the purpose of catching the votes of a few disgruntled Democrats. As for himself, Mr. Wilson expressed a strong free silver tendency. He said that Hardin would poll the full Democratic vote in the Eleventh district."

Supplemental Registration.

Voters who were out of the city on the regular registration day, or were prevented from registering by sickness, can register in the County Clerk's office on Monday, Tuesday or Wednesday, October 28, 29 or 30.

DESERTED HIS WIFE.

A Methodist Minister and Prominent A. P. A. Figuring in an Unenviable Light.

(Covington Correspondent Cincinnati Tribune.)

The Rev. J. M. Taulbee, who has been prominently before the public for some time in rather an unenviable light, has now distinguished himself by deserting his young wife in a heartless manner.

It will be remembered that some months ago, while he was pastor of Main street M. E. Church, rumors got out connecting him with a young lady member, after which he left suddenly and went West. He stayed away several weeks, and during his absence it became known that he was lecturing in the A. P. A. interest. He was, however, in bad odor in this community. Some little time before the late M. E. Church conference held in this city last month, he returned, but did not resume charge of Main street Church. The conference investigated the charges brought against him, but found nothing unbecoming a minister of the Gospel in his conduct and exonerated him, without giving him an assignment, however.

Mr. and Mrs. Taulbee have been living with Mr. and Mrs. W. F. Gillham, in Milldale, since Taulbee's return from the West. On last Tuesday Taulbee left home saying he was going to London, Ky., to stay for two weeks with some friends. On Wednesday afternoon, Mrs. Taulbee after a shopping visit to Cincinnati, found on her return home a letter awaiting her from her husband. In it he said that he had gone away for good and she need not look for him. He upbraided Mrs. Taulbee with being the cause of his not receiving an assignment, and said that her temper was such that he could not put up with her any longer. The letter contained a \$20 bill.

Subsequent inquiry revealed the fact that Taulbee only stayed one day in London, and did not give any information of his destination when he left. It is thought that he has gone back to California or to Oklahoma Territory, where he has a brother.

Mrs. Taulbee is 23 years old. Members of the congregation who are intimately acquainted with the couple say that she has, notwithstanding her recent husband's words, anything but a bad temper, and that Taulbee said what he did in his letter in order to justify to himself his action. Mrs. Taulbee has been the recipient of several offers of a permanent home from her friends.

The case of the Commonwealth against Garrett Breckinridge Green, colored, charged with killing Charley Yates Sunday, was called yesterday morning before Squire Bramel. County Judge Hutchins was absent from town, and, as the case properly comes before him, it was continued until Wednesday morning at 10 o'clock. The statement is made that Breckinridge had a brother who killed a man in Louisville some years ago, and was sent up for seven years, and that while serving his sentence he was killed by a fellow-convict or one of the guards.

WM. SETTERS and Tony Lane got into a quarrel at Greenly's saloon on Wall street last night, and during the rumpus Settlers stabbed Lane in the side, arm and neck. Lane's injuries are not thought to be very dangerous. The quarrel, it is said, was over a quart of whisky. Constable Dawson arrested Settlers and jailed him on a charge of cutting and wounding with intent to kill. His examining trial was to come up at 10 o'clock this morning before Squire Bramel.

TRAMPS were unusually numerous in Maysville Monday. Five visited one house by 1 o'clock. At the Widow Collins' home in the Sixth ward, one was given his breakfast. After eating most everything in sight, he impudently ordered her to prepare him some more food. Her son had entered the house unobserved, and stepped into the room at this moment. MRS. STOWE'S WORK.

A New York Man Visits Washington to Secure Information About It.

PEEBLES, O., October 26.—John M. Burgess, of New York, who has been at Washington, Mason County, Ky., getting information about the visit of Mrs. Harriet Beecher Stowe to the home of Colonel Marshall Key years ago, is in this county on his way to points up the Ohio river to interview some of the Shelys, whose names figure in her great production, "Uncle Tom's Cabin."

Burgess left the river and passed through this place that he might get a glimpse of the famous Serpent Mound, which is now owned by the Harvard University, and located near here. He reported that the gifted authoress is in a very feeble state of health both physically and mentally, on account of her advanced age. Her great work, it is now said, had its origin in her visit to the hospitable Kentucky home of the Keyes, at Washington. Burgess interviewed some of the old citizens there who remembered the visit of Mrs. Stowe. He also has in his possession a pen picture of the old Key homestead.

Near Lexington, Ky., to Be Sold.

I offer at private sale for a short time this magnificent farm, the home of the late Maj. Thos. H. Shelby, father of the undersigned, located nine miles from Lexington, near the Richmond turnpike and bordered by the Walnut Hill pike and the Jack's Creek pike, and containing about

723 ACRES

of unsurpassed Land, of which about 460 acres in virgin Blue Grass, mainly covered with fine and valuable timber.

Abundant and never failing supply of water from natural sources, well distributed, and rendering this the best watered farm in Kentucky. Excellently fenced and subdivided. Handsomely and substantially improved with

A Commodious Two and a Half Story Brick Metal Roof Mansion,

and suitable barns, outbuildings, eastern, etc. Fine orchards and gardens. Soil strong, rich, well cared for, produces 1,500 to 2,000 pounds of tobacco per acre and other crops in proportion. Will sell as a whole or divided.

373 Acres with the improvements, remainder in one or two tracts.

No such farm in extent and superior quality for sale. It is a portion of the noted 4,000-acre purchase made by Gov. Shelby in the early history of the State and has been in the Shelby family ever since. It is in the very center of the famed Bluegrass section of the State.
